Professional Summary

IAM Analyst with 4+ years in migrations, monitoring, and automation. Contributed to migrations of 50 apps, analysis of 36 correlated events, and validation of 1,200 SNMP devices. Google Cybersecurity Certified; Security+ in progress. Seeking SOC, IAM, or Security Operations roles.

Skills

IAM: Ping Identity · CA SiteMinder · Entra ID · SAML/SSO **Cloud:** Azure · AWS IAM
Monitoring: DX NetOps · DX Spectrum · SNMP **Security:** SIEM · Incident Response · Network Security
Systems: Linux (RHEL) · Windows Server **Other:** Docker · Tailscale · SQL · Git
Automation: Bash · SiteMinder APIs

Experience

Smart Technologies — IT Consultant *Apr 2022 – Present*

- Support for monitoring infrastructures in a 24/7 environment; SNMP alert resolution, platform upgrades, runbooks, Bash automation.
- Post-upgrade validation and regression testing.

Ministry of Defence, Spain *Jul 2025 – May 2026*

- DX NetOps upgrades: cutovers, validation, testing; validated dashboards for 1,200 SNMP devices.
- Created runbooks for engineering teams.

Telefónica Spain *Oct 2023 – May 2024*

- Documented upgrade across 3 environments; developed Bash script for data extraction.
- Validated SSO flows and access policies.

Broadcom / Aspire *Sep 2023 – Nov 2023*

- SME for DX Spectrum; documented event correlation; analysed 36 interdependent events.

Volvo Group *Jun 2022 – Oct 2023*

- Migrated CA SiteMinder → Ping Identity; validated SSO and access policies.
- Migrated 50 applications with rollback playbooks.

Client NGO *Feb 2024 – Jul 2024*

- Managed WordPress, resolved 50 Jira incidents; created operational documentation.

TULAlabs — C# Intern *Aug 2020 – Oct 2020*

- Full-stack app for real-time monitoring; SQL database, responsive UI; used Git and code reviews.

Various Professional Roles *2020 – 2022*

- Temporary roles while transitioning into IT.

Technical Projects

Homelab — Mac Mini M4

- 24/7 homelab with 20+ containerized services; Tailscale (WireGuard), zero exposed ports.
- Monitoring with Uptime Kuma, Netdata, Glances; automation with Bash and Watchtower.
